

2018

COMPANY
PROFILE

From the design and manufacture of the mold, to the actual molding of the finished products and their assembly. DUEPI S.r.l. has years of experience in the field of elastomers especially Liquid Silicone (LSR), and Techno-Polymers thanks to the competence of its team and the most advanced technologies, machines and equipment.

MOLDS PRODUCTION

THE MOLDS PRODUCTION AREA IS EQUIPPED WITH A WIDE RANGE OF MILLS, BURRS, LATHES AND BOTH WIRE AND DIPPING EDM. THE MACHINERY AND THE CNC LATHES ARE ALL CAD-CAM PROGRAMMED.

MOLDING

MOLD-FLOW STATION EQUIPPED WITH A DEDICATED SOFTWARE TO SIMULATE THE INJECTION-MOLDING PROCESS IN A MULTI-CAVITY MOLD BEFORE THE INDUSTRIAL PRODUCTION. VARIOUS PRESSES WITH A TONNAGE BETWEEN 35 AND 600 T. BUILT-IN WITH AUTOMATIC ROBOTS FOR THE POSITIONING AND PICK-UP OF THE PARTS.

MOLDING OF TECHNICAL
POLYMERS

LIQUID
SILICONE

Large size and Endless O-Rings in various compounds, produced with an innovative step-molding method.

oringone.com

O-Rings in various compounds with many approvals and certificates of quality. From the automotive to the hydraulic and the food industry.

duciguarnizioni.com

Molds design and manufacturing. Injection molding of custom made articles in techno-polymers and liquid silicone.

duepistampi.com

PTFE, PEEK and High Performance techno-polymers. Stock shapes and customized engineered components.

fluorten.com

Rotary Shaft Oil Seals and custom made articles to drawing in elastomer and rubber-to-metal.

fpparis.com

Special and large size rotary shaft oil seals for applications in the heavy duty industry.

atsoilseals.com

Self-lubricating bushings and washers for valves and other applications in the hydraulic, energy and metal industry.

SEALCORE is a Global Network, which Companies provide a 360° full service controlling any single step of the production. The whole Network is active in various sectors through 7 main production divisions strictly dedicated to the manufacturing of **Industrial High Technical grade components**, out of a total of 12 Companies including subsidiaries and warehouses.

SEALCORE Network is a guarantee of a **quality made in Italy**. From the design to the realization and production of the molds, to the final products. Standard or Custom-Made. SEALCORE Network is a winning philosophy from the manufacturing to the final control of the finished parts in various materials and compounds, and with a large variety of quality certificates.

These data refer to all 12 companies that make up the Sealcore Network
