

sealcore[®]
network

SEALCORE PLUS

We are a network of companies with long-standing, global operations in the market for industrial seals.

SEALCORE Network offers a comprehensive range of seals with a Made-in-Italy quality guarantee: Standard and endless O-Rings, Rotary shaft oil seals, Custom articles to dwg. in elastomer and rubber-to-metal, Liquid silicone, 3D printing, PTFE and high-performance techno-polymers, Self-lubricating bushes and washers, Fluid power sealing solutions.

SYNERGY

The collaboration of 7 Companies and a worldwide distribution network guarantee you the most complete offer for industrial seals and technical products.

QUALITY

Accurate controls performed during the entire production process, as a guarantee of a Made in Italy quality.

INNOVATION

A constant search for the best technical solution applied to design, production, manufacturing and verification.

FLEXIBILITY

A wide range of items available in small and large quantities, capable of satisfying your most particular requests.

CO-DESIGN

The SEALCORE design team works with you to design every product required and to find the best solution for every need.

FAST DELIVERY

Our services for "Ready Delivery" all over the world guarantees shipments of custom manufactured products in 1-10 business days, depending on the products requested.

SEALCORE **LAB**

Large size and Endless O-Rings
in various compounds, produced with
an innovative step-molding method.

oringone.com

O-Rings in a variety of compounds with
numerous certificates of quality. These
O-Rings range from the automotive industry
to the hydraulic and food industries.

duciguarnizioni.com

Molds design and manufacturing.
Injection molding of custom made
articles in technopolymers and
liquid silicone. 3D-printed items.

duepistampi.com

PTFE and High Performance
Technopolymers. Stock shapes
and customized engineered
components.

fluorten.com

Rotary Shaft Oil Seals and custom made articles to drawing in elastomer and rubber-to-metal.

fpparis.com

Special and large size rotary shaft oil seals for applications in the heavy duty industry.

atsoilseals.com

Self-lubricating bushings and washers for valves and other applications in the hydraulic, energy and metal industries.

slibitaly.com

Engineered sealing solutions and custom seal kits for heavy duty hydraulic and pneumatic applications.
