

CERTIFICATE

This is to certify that:

Gianstefano Foresti

**has successfully completed the
APQP4Wind Management Awareness Training,
including a written examination**

The course consists of 1 day and includes the following topics:

- Basics of **Advanced Product Quality Planning (APQP)** for Wind Industry Managers
- Basics of **Product Part Approval Process (PPAP)** for Wind Industry Managers
- Risk Management along the product value chain
- Core tools, basics comprising the APQP and PPAP processes

A certified manager with awareness on APQP4Wind process and framework would be able to coach, advise and support the team by removing roadblocks, releasing financial and people resources.
